

**Robert Klepinger**  
**Candidate for U.S. Congress**  
**Ohio, 10<sup>th</sup> District**

**Where I Stand on Issues**

I am running to unseat the incumbent Mike Turner. I am asking for your vote during the primary and the general elections. Here is where I stand on issues.

- I support equal rights for all races, genders, and LGBT people.
- I support the Affordable Care Act.
- I support improving the Affordable Care Act, Medicare for All!
- I support raising the Minimum Wage. These are the people who drive the economy. Just about every cent they make they spend. This past fall I was upset to learn that one of my students was making \$2.13 an hour at her part time job in Richmond Indiana. Sure she got tips... when people felt like tipping her. Current minimum wage is \$7.25 per hour for full time, and \$2.13 per hour for tipped employees.
- I support securing Social Security by raising the cap. It is currently \$127,200. George W. Bush borrowed \$2.3 trillion to go look for his weapons of mass destruction which no one ever found, and no one has paid that money back.
- I support Labor. I am a proud member of Ohio Federation of Teachers - American Federation of Teachers Local 4575 Teacher's Union. I support overtime pay for people who work more than 40 hours a week.
- I support automatic voter registration for all citizens over the age of 18 years old. They assign you a Social Security number almost at birth to make sure you are taxed, why can we not use that to vote with?
- I support lower interest rates on student loans. I support allowing students to refinance these loans! I support free college to anyone whose household income is below \$125,000.
- I support federal funding to rebuild our infrastructure, not only roads bridges and electrical grid, but alternative energy sources, including but not limited to wind and solar.
